

New York Stock Market

New York, October 3.—Enormous selling of American stocks for European account, the movement being impelled by the Balkan situation, was the distinguishing feature of the stock market today. Sales were estimated at over 100,000 shares, which probably represented the joint liquidation of London, Paris, Berlin, Frankfurt and Vienna.

The selling abroad continued after the European markets closed—in fact, until the close here, United States Steel was the feature of the foreign liquidation, sales of that stock probably aggregating 60 per cent of the whole.

The heavy outpourings abroad, together with the complicated situation in Eastern Europe, are calculated to put a temporary stop to negotiations for gold imports now under way. Heaviness marked the opening here, a number of important issues, including Harriman and HUI shares, the coal, steel, and oil stocks, and the United States Steel and some specialties selling off a point or more. Prices rallied considerably in the first hour, but fell lower in the late afternoon. Towards the close the market made some improvement on short covering, but the undertone remained slightly on call, a percent for the high rate, as against 7 per cent yesterday. More shipments of currency to New Orleans were made. Securities exchange firm \$4.85 for six-day bills; \$4.85 for demand. Commercial bills, \$4.85.

New York, October 2.—Money on call steady at 5 per cent; ruling rate, 6 per cent; time loans from 60 to 90 days, 5 1/2 to 6 per cent. Prime mercantile paper, 5 1/2 to 6 per cent. Steady exchange, firm \$4.85 for six-day bills; \$4.85 for demand. Commercial bills, \$4.85.
